

Your apartment should feel like home.

That's why the City of Mississauga is working to help tenants feel comfortable in their own space.

The Mississauga Apartment Rental Compliance Program helps ensure that owners and operators comply with the building maintenance standards and address concerns or fix issues that tenants have identified.

Have you reported a repair of issue to your landlord with no response or action?

We are here to help.

Submit your complaint at mississauga.ca/MARC or call 311.
